

COLORADO STATE UNIVERSITY PURCHASING MANUAL

I. PURPOSE

- A. The Procurement Card (PCARD) is a purchasing method whereby approved users in a campus department are issued a commercial MasterCard. Each MasterCard is printed with the CSU name/logo, the name of the individual cardholder (faculty/staff) and the State of Colorado tax exemption number. Interested departments should contact Procurement and Contracting Services or visit the PCARD website at www.purchasing.colostate.edu/Pcard.html for more information and program instructions.
- B. PCARD may be used to place orders up to \$3,000 per transaction for goods from local and non-local vendors (unless a higher amount, up to \$5,000, has been approved for the cardholder by the Director of Procurement and Contracting Services).
- C. Cardholders are prohibited from artificially splitting a purchase in order to circumvent their single transaction limit.
- D. PCARD can be used for the purchase of services up to \$3,000 per transaction from local and non-local vendors (unless a higher amount, up to \$5,000, has been approved for the cardholder by the Director of Procurement and Contracting Services) when the contractor DOES NOT require a contract to be signed by the University. When acquiring personal services (labor, time or effort) with PCARD, it is the ordering department's responsibility to request and obtain an insurance certificate from the vendor showing general liability, worker's compensation, employer's liability, and auto liability coverages (see the PCS website for instructions and coverage amounts). In addition, all transactions for services MUST be reallocated to a proper services object code.
- E. All written agreements requiring the University's signature **MUST** be processed by Procurement and Contracting Services, regardless of dollar amount.
- F. The PCARD is a point-of-sale payment method only and should not be used to pay invoices after-the-fact.
